KANSAS HUMANE SOCIETY

Pet – Pals: Pet Care Patch Program Description

The 'Pet-Pals' Pet Care Patch Program consists of four levels: Daisy, Brownie, Junior, and Cadette/Senior. At each level, the girls do a variety of age-appropriate activities to teach them about being responsible pet people. All activities are done during troop meetings or at home. The last activity the troop will do is visit the Kansas Humane Society for a tour. To schedule a tour, the troop leader should email Lskelton@kshumane.org. Tours are offered Tuesday through Saturday. Please email at least one month in advance. All programs include a special behind-the-scenes tour of our facility as well as an animal meet and greet! Plan to be here approximately an hour and a half. Special Kansas Humane Society patches and associated level bone patches will be issued after all activities and the tour is completed (two patches total). Cost per girl is \$10.00.

Payments must be received before the tour begins.

In order for the girls to earn the Pet - Pals Patch, the following must occur:

- 🐾 The girls must complete all required activities before coming for the tour.
- 🐾 The troop leader should completely fill out the Patch Program Evaluation Form (the third to the last page of this guide) and turn it in at the beginning of the tour.
- 🐾 Each scout must have the KHS permission form signed by a parent or guardian and turned in at the beginning of the tour.

LEADERS: Please review the following with your troop before introducing the activities:

What is the Kansas Humane Society?

The Kansas Humane Society is a community resource for pets and people that helps abandoned and homeless animals in our community. Our animal shelter offers a wide variety of services to promote the human and animal bond. These include: pet adoption, spay/neuter services for the pets of low income families, community outreach, end of life services, animal rescue, pet rehoming, donation opportunities, Woofstock, and so much more. KHS is proud to give animals the care, comfort, hope, and the second chance at a new life they deserve!

KANSAS HUMANE SOCIETY

Pet – Pals:

Pet Care Patch Program Description

Brownie Girl Scout Level

Brownie Girl Scouts must complete five of the seven activities listed below, as well as visit the Kansas Humane Society for a tour. Tours are offered Tuesday through Saturday. Please email lskelton@kshumane.org to schedule a tour (please email at least one month in advance).

1. What kind of food is best for a dog or a cat? Dog or cat food! It is generally not a good idea for dogs and cats to eat people food. Why? Contact a veterinarian and ask him or her. Some of the things that people eat could be poisonous to dogs and cats. On page 4, list six things that you should never feed to a dog. Hint: Do an online search for “foods that are toxic to pets”.

2. Make a “Doggie Bag” by following the instructions on pages 5 and 6. You will fill your Doggie Bag with pictures of the items that pets need to be healthy and happy. When your Doggie Bag is complete, share it with your friends and family. Have them pick an item from the bag and try to guess what thing pets need from the picture represented.

3. How can you stay safe around dogs in your neighborhood? If this is the activity you’d like to complete, contact Youth Education at the Kansas Humane Society to get a video to be able to help the kids learn how to stay safe when meeting someone who has a dog, or when they are alone and meet a dog they don’t know. Take a look at the ‘Pet Safety In Your Neighborhood’ coloring sheet (page 7). (Make a copy for each troop member.) Here there are examples of smart ways to be around dogs you don’t know, and there are examples of not-so-smart ways to interact with strange dogs. Talk about the picture with your troop. Draw an “S” in the boxes near all of the people you see that are being safe and smart. Talk about what they are doing to make you think they are being safe. Draw a “U” in the boxes near the people you see that should not be doing what they are doing. As a group, talk about how the unsafe people could become safer.

4. Learn how to behave around pets the RIGHT WAY! Find out when to play with them and when to leave them alone. Be an actress and act out the scenarios (pages 9-11) with your troop mates.

5. We are lucky to have dogs and cats in our lives because they are amazing animals! As a troop, read the AMAZING dog and cats facts on pages 12 and 13 to learn more about them.

6. Have a toy drive for the animals at the Kansas Humane Society! Why do you think the KHS gives toys to the dogs, cats and rabbits in their care? Toys help to keep the animals from getting bored while they wait for a new home. Toys brighten their day! But, the toys at the KHS wear out quickly and need to be replaced constantly. Why not encourage your friends and family to donate a new toy or two? The toys that work best are: Large rubber toys for dogs, ping pong balls for cats, and small plastic cat toys with a bell inside for rabbits. You could bring the donations when you come for your tour. Imagine how happy the animals will be!

7. You may be surprised to realize just how much we have in common with our pets! We need many of the same things. Complete the activity sheet on page 14 and talk about it with your troop.

Six foods I promise to never feed to my dog...

1. _____
2. _____
3. _____
4. _____
5. _____
6. _____

Did you know...one of the most common ways that pets are poisoned is when people give them medicine meant for humans? Medicines such as acetaminophen (like Tylenol), ibuprofen (like Advil), and NSAIDs (like aspirin and Aleve) are safe for people, but could make a dog or cat VERY sick!

You need to know how to get in touch with the Vet when you need them. What is your vet's phone number? Ask your parents for your Veterinarians number and write it down!

Fill in the information you find out here:

Your Vet's phone number: _____

Wichita Veterinary Emergency Clinic:

316-262-5321

ASPCA Animal Poison Control:

(888)-426-4435

Doggie Bag

You will fill your Doggie Bag with pictures of the items that pets need to be healthy and happy. When your Doggie Bag is complete, share it with your friends and family. Have them pick an item from the bag and try to guess what thing pets need from the picture represented.

- Materials needed:
- Brown paper lunch bag
 - Construction paper
 - Glue & Scissors
 - Markers or crayons

- Instructions:
1. Color & cut out dog face pieces.
 3. Glue pieces onto bag.
 4. Use markers, crayon, or any craft items you wish to decorate your bag.

Doggie Bag

Color and cut out each item below,
and place them into your completed
Doggie Bag.

Dog Bites Dos and Don'ts

Dog bites can be avoided when people behave safely around dogs and pet owners act responsibly. Look at this picture. Write an 'S' in the box next to each example of someone behaving safely and responsibly with a dog. Write a 'U' in the box next to each example that shows unsafe behavior around a dog.

Dog Bites Dos and Don'ts Answer Key

Did you recognize which examples in the picture showed someone behaving safely and responsibly with a dog? Were you able to spot examples on unsafe behavior? Check your answers here.

Safe, Responsible Behavior (S)

- ☺ Always walk your dog on a leash. And, keep your cats indoors where they are safe from traffic and other animals.
- ☺ Before petting someone else's dog (or cat), ask the owner for permission. After getting permission to pet the dog, always let the dog sniff the back of your hand before petting him.
- ☺ When a dog approaches you, stand still and quiet. Keep your hands at your sides.
- ☺ When you are not walking your dog, keep him or her indoors with you, or in a fenced yard when he is getting some fresh air. Spend time playing with and caring for your pets each day.

Unsafe Behavior (U)

- ☹ Don't approach a dog (or a cat) while they are eating, sleeping, or guarding something. Pets naturally guard their food, their babies, and their toys. Dogs also protect their owners, as well as the property that belongs to their owners, such as the owner's home, yard or car.
- ☹ Don't try to pull a toy, a stick, or any item from a dog's mouth.
- ☹ Don't run away from a dog that is chasing you. (A dog's natural instinct is to chase and catch someone who is running away. If you stand still, the dog will most likely stop, sniff you, and leave you alone when he or she realizes you are not a threat.) also, don't chase or tease dogs or cats, and avoid petting or trying to pick up strange pets.
- ☹ Don't approach a dog (or any other animal) that is injured. Instead, tell an adult about the animal.

How Should We Behave Around Animals?

Members of the troop should take turns acting out the scenarios below.

Activity #1: A Cat Runs and Hides

Scenario #1

Cat: Is walking around the house.

Child #1: Sees cat and chases after her.

Cat: Hisses, runs into the corner and hides.

Child #1: Continues to approach cat.

Cat: Pretends to scratch child.

Ask the audience: Was this the right or the wrong thing for the child to do? How do you think the cat felt? Explain that an animal may bite when they are scared, when they feel cornered. The best thing we can do is to respect how they feel and leave them alone if that's what they want.

Scenario #2

Cat: Is walking around the house.

Child #2: Approaches the cat slowly, holding her hand out.

Cat: Sniffs hand, then rubs up against the child. The cat walks away.

Child #2: The child says, "looks like she's had enough" and walks away.

Ask the audience: Was this the right or the wrong thing for the child to do? How do you think the cat felt? The child did the right thing. Just like us, sometimes animals like to be left alone. Maybe the cat just wanted to be by herself. It shows kindness and compassion to respect an animal's feelings.

Activity #2: A Dog Is Eating His Food

Scenario #1

Dog: The dog is eating her food.

Child #1: Walks over to the eating dog and playfully pretends to take the food away.

Dog: The dog growls angrily at the child.

Ask the audience: Was this the right or the wrong thing for the child to do? Why do you think the dog reacted that way? Explain that dogs like to protect things. What does protect mean? It means to keep something safe. What else might a dog protect? Her puppies, toys, owner, home, yard, a bone, etc. Does this make dogs mean? No! It is normal dog behavior. We have to respect that.

Scenario #2

Dog: The dog is eating her food.

Child #1: The child notices the dog, but keeps on walking.

Dog: The dog looks at the child but continues to eat.

Ask the audience: Was this the right or the wrong thing for the child to do? The best thing to do if you see a dog protecting something is to leave him alone. A dog, even your own dog, might bite if she thinks you are trying to take something valuable away from her. The smart thing to do is to keep on walking!

Activity #3: A Cat Is Sleeping

Scenario #1

Cat: The cat is sleeping soundly, curled up in a ball on the floor.

Child #1: Walks over to the cat and puts her hand on the cat's side shaking the cat, waking her up suddenly.

Cat: The cat jumps up, hisses, and arches her back. She lets out a loud g-r-r-r-r-r-r-owl.

Ask the audience: Was this the right or the wrong thing for the child to do? Just like us, dogs and cats sleep and dream. If an animal is peacefully asleep and then is suddenly woken up, the animal might be confused and scared, and they might not recognize you right away. There is a chance that they might bite.

Scenario #2

Cat: The cat is sleeping soundly, curled up in a ball on the couch.

Child #2: The child, in another room, decides to play with the cat. She walks in the room and sees the cat sleeping on the couch. The child say to herself, "I would really like to play with Kitty right now, but I see that she is sleeping. I will come back later".

Ask the audience: Was this the right or the wrong thing for the child to do? Learning about the natural behaviors of our dog and cat friends will allow us to stay safe around them and to appreciate them more. They will appreciate us more too!

Your AMAZING dog!!!

Dogs are about as smart as a two- or three-year-old child. They can understand about 150-200 different words.

It is believed that dogs see in color, probably in shades of reds and greens or blues and yellows. They can see better when the light is low.

A dog can hear sounds four times farther away than a human can. Eighteen muscles or more can move a dog's ear.

Dogs can smell about 1,000 times better than humans. Dogs have wet noses to help them smell better.

Dogs have three eyelids. The third lid, called a "haw," keeps the eye moist and protected.

The average dog can run about 19 mph. Greyhounds are the fastest dogs and can run at speeds of 45 miles per hour.

Dogs pant to cool off. They don't sweat like humans do.

No other animal has been as loyal and trusting of a companion to humans as the dog. That's why dogs are called 'Man's Best Friend'.

Dogs wag their tails when they are happy, but they can also wag their tails when they are nervous or angry.

As a troop, take turns reading each of the amazing dog facts. If you have a dog, tell your troop members one thing about your dog that makes him special and unique. If you don't have a dog, tell your troop members what you like or admire about dogs.

Special Thanks to: Humane Society of Broward County – 2070 Griffin Road – Ft. Lauderdale, FL 33312

Your AMAZING cat!!!

Cats average 16 hours of sleep a day, more than any other mammal.

A cat can jump as much as seven times its height.

A cat in a hurry can run about thirty-one miles per hour.

People who are allergic to cats are actually allergic to the cat's saliva.

Cats love to hear the sound of their own name and your voice, so talk to them often!

In addition to using their noses, cats can smell with the Jacobson's organ, located in the upper surface of the mouth. This is why your cat might open his mouth when smelling something.

Cats can see up to 120 feet away.

Calico cats are almost always female.

A cat uses his whiskers as "feelers" to determine if a space is too small to squeeze through.

A cat's tail plays a vital part in the cat's balance and in the "righting reflex" that allows him to land on his feet after falling.

Black cats are NOT bad luck. In fact, many cultures consider black cats to be GOOD luck.

As a troop, take turns reading each of the amazing cat facts. If you have a cat, tell your troop members one thing about your cat that makes him special and unique. If you don't have a cat, tell your troop members what you like or admire about cats.

Special Thanks to: Humane Society of Broward County – 2070 Griffin Road – Ft. Lauderdale, FL 33312

Things We Need In Common With Our Pets!

You may be surprised to realize just how much we have in common with our pets. We need many of the same things! Below is a list of NEEDS. Place an "X" in the box under ME if the need is something you need. Place an "X" in the box under MY PETS if the need is something pets need. How many of these needs do we share with our pets?

DIFFERENT NEEDS	 ME	 MY PETS
Exercise for a healthy body.		
A clean, safe place to live.		
To go to the doctor for check-ups and shots.		
Fresh, clean water each day.		
To learn things, like how to behave.		
Healthy food each day.		
People to be our friends and spend time with us so we don't get lonely.		
Comb our hair, take a bath, brush our teeth.		
For others to be patient and understanding with us.		
A loving family.		

Can YOU help make sure your pets get all of the things they need?

KHS- Youth Education - Release of Liability/Photo Release
Each scout participating in tour must return the following permission form signed by a parent/guardian to KHS prior to taking the tour.

I understand that the Kansas Humane Society of Wichita, Kansas, Inc. ("KHS") Youth Education Programs ("Programs") will involve exposure to animals, including cats, dogs, puppies, and kittens, as well as conditions found in a veterinary hospital and dog and cat kennels.

I recognize that there are risks and health hazards directly and indirectly involved in participation in KHS Programs. I understand and agree that KHS is not liable for any injuries or damages sustained by any child attending KHS Programs. I am the natural parent or legal guardian of the participant listed below, and represent that the facts set forth in this registration are true. I hereby give my permission for my child/ward to participate in the KHS Programs, hereby release and discharge KHS and its employees and agents, for any liability, loss, damage or injury sustained by my child or ward as a result of attending said Programs.

I also agree, to the full extent allowed by law, for myself and my minor child or ward, to hereby release and agree to indemnify and hold harmless KHS and its employees and agents, from any and all claims and liabilities arising from or in any way relating to my child or ward's participation in KHS Programs. This indemnification extends to any liability, expenses (including, without limitation, attorneys' fees), claims and all other forms of damages which arise from or in any way relate to my child or ward's participation in KHS Programs.

I hereby authorize KHS to use the photographic image of the minor listed below for the following:

- To use, re-use, publish, and re-publish the same in whole or in part, individually or in conjunction with other photographs or images, in any medium and for any purpose whatsoever, including, without limitation, illustration, promotion, advertising and trade, to use the minor's name in connection therewith if the KHS so chooses.
- I hereby give unrestricted permission to copyright and/or use, and/or publish photographic portraits or pictures of said minor, and the negatives, transparencies, prints, or digital information pertaining to them, in still, single, multiple, moving or video format, or in which the minor may be included in whole or in part, or composite, or distorted inform, or reproductions thereof, in color or otherwise.
- I hereby waive any right that I may have to inspect and approve the finished product or copy that may be used in connection with an image that KHS has of said minor, or the use to which it may be applied.
- I further release KHS, and others for whom it is acting (including any agency, client, broadcaster, periodical or other publication) from any claims for remuneration associated with any form of damage, foreseen or unforeseen, arising out of or in connection with the use of such photographs, film, or tape, including but not limited to any claims for defamation or invasion or privacy associated with the proper commercial or artistic use of said image.

By signing below, I am certifying I am the parent or legal guardian of said minor, have read the foregoing and fully understand and agree with the contents thereof.

Kansas Humane Society Wish List

The Kansas Humane Society is a non-profit organization that relies on donations to care for the thousands of animals we receive each year.

♥ **Pet Supplies:** Replacement milk formula for orphaned puppies & kittens, exercise pens for puppies or kittens, gift cards to Home Depot, Lowes, Petsmart, PETCO, etc.

♥ **Animal Enrichment:** Creamy peanut butter, Kongs, Soft dog treats, rawhides, cat toys, buster cubes/interactive canine puzzle toys, hard rubber toys, squeaky & rope toys, tennis balls, Nylabones, small mammal enrichment toys (birds too)

♥ **Animal Care:** Large & medium towels, medium blankets, small mammal food (rat, hamster/gerbil, ferret), small mammal pellet food (rabbit, guinea pigs), Timothy hay and/or Brome hay, Kuranda beds (cat & dog).

♥ **Cleaning Supplies:** Spray bottles, Windex, Lysol, paper towels, bleach, all-purpose cleaners, dish soap, washcloths, stainless steel polish cleaner

♥ **Clinic Supplies:** disposable gowns (paper, used/worn cloth), small, medium & large exam gloves, sterile surgical gloves, surgical mask (3M tie on), pill pockets, gauze sponges non-woven.

♥ **Miscellaneous:** batteries (9 volt, AA, AAA), 2 pocket portfolio folders, children's books about animals

Hill's Science Diet generously donates food
for the pets in our care; therefore,
we have all the dry food we need.

🐾 Thank you for your support! 🐾
